

Instructions 4/4

Payment at the end of the experiment

Your payment at the end of the experiment consists of

- the base payment of 10 CHF, plus
 - the average payoff across the non-trial rounds, converted to CHF (1 point = 0.6 CHF) and rounded up to the nearest integer.
-

If you have any questions, please raise your hand now and an experimenter will come to you.

Otherwise, please proceed to the **task**.
